## Target Number

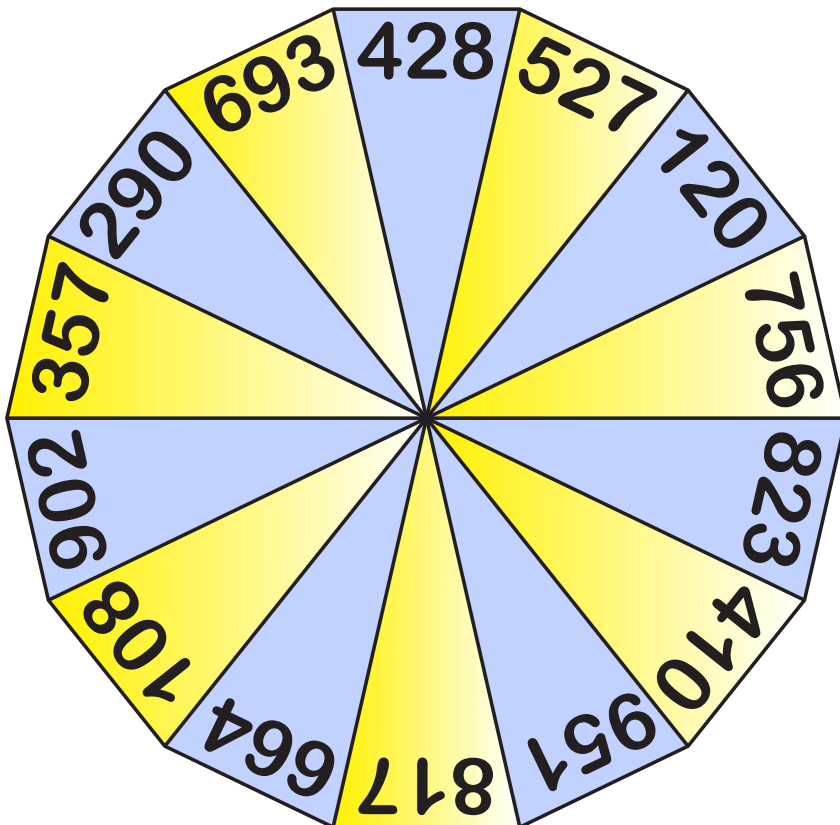

Play with a partner. Take it in turns to spin the spinner. Write the first number you spin in the first circle. From now on you will need to decide whether you are going to add or subtract the numbers you spin. Write the numbers you spin in the squares and if you added or subtracted them. The circles are for your running total. The winner is the person who gets a total that is closest to the target number! The first one has been done for you.

**How to use  
a spinner**

Get a pencil and a paper clip. Place the paper clip on top of the middle point of the spinner, then put a pencil through the clip so that the paper clip can spin around the pencil.
