

Rainbow Fish

Home Learning Challenge

Use books or the Internet to find out 2 facts about a creature that lives under the sea. We can then share our facts with the rest of the class!

Draw a fish with 6 spots. Colour 3 spots in your favourite colour. How many spots are left? Choose a different colour for these spots.

The Rainbow Fish gave away his most prized possession, his scales. What is your most prized possession? Draw a picture of it and write a sentence to say why it is special.

Make a different rainbow animal. It can be any animal you like. You could colour it in, paint it or even make a collage.

The Rainbow Fish learnt to be a good friend. Talk to an adult at home about the different ways to be a good friend.
