

# Maths: Solving Problems and Talking about Time

Home Learning Challenges

Laurel's favourite season is when it is cold – sometimes it is snowy too. Laurel likes to build snowmen, wear her woolly scarves and gloves and drink hot chocolate. What is Laurel's favourite season? Can you think of any other seasons? Which one is your favourite? Can you describe your day to a grown-up? Can you use the words; 'morning', 'afternoon', 'evening' and 'night'?

Draw a picture of a clock you have at home. Look carefully at the clock. What numbers can you see? Write the numbers onto your clock picture. Can you draw the hands of the clock? Which numbers are they pointing to? Do you know what time it is?

Ask a grown-up to help you write down the 7 days of the week. Try solving some problems based on the days of the week, such as, 'Today is Tuesday. Yesterday, Billy Bear went to the beach. What day did he go to the beach?' or 'Today is Thursday. Tomorrow, Katie Koala is going swimming. What day is she going swimming?' Try making up some questions of your own too. Can you solve these season problems? Draw a picture of your answers.

Anton's favourite season is when it is hot and sunny. He likes to wear his sunhat and sunglasses, and eating ice cream. What is his favourite season?

With a grown-up, make a simple calendar. You could make it for a week or for a month. You will need to write the days of the week and could write the month too. Use your calendar to write down special events and activities. Can you use the words; day, week, month, tomorrow, yesterday and next week?

Look at a calendar with a grown-up. Can you see the different days of the week and months of the year? Can you find the month you were born in? When is your birthday?
