

KIRK SMEATON SCHOOL NEEDS YOU!

VOLUNTEER GARDENERS

SATURDAY MARCH 9TH FROM 12pm.

Below are a list of jobs that we plan to do and the tools we need. PLEASE feel free to bring any other tools, in addition, to these that you feel you may need to do the job.

The idea is to get as many adults and children as we can to help clear the fenced garden behind the wooden play area in order for the children to start their planting project on a Wednesday next term. It is currently full of overgrown grass, weeds, brambles etc.

The school is hoping to develop this beautiful space into a wildlife and sensory garden for the children to relax in and take care of.

As well as tools if you could bring a flask/drink and a few treats to keep the troops going that would be much appreciated! **REMEMBER YOUR OWN GARDEN GLOVES TOO!**

JOB	TOOLS NEEDED
Clearance of overgrowth	petrol strimmer rake hand fork spade fork
Digging of a trench along the width of the green fence (field side)	grass edger spade
gardening bags to collect and transport waste
