Answer: 5800

What is nine thousand, five hundred and eleven rounded to the nearest hundred?

9511

Answer: 9500

What is seven thousand, two hundred and twelve rounded to the nearest hundred?

7212

Answer: 7200

What is seven thousand, eight hundred and seventy-one rounded to the nearest hundred?

7871

Answer: 7900

What is four thousand, two hundred and sixty-nine rounded to the nearest hundred?

4269

Answer: 4300

What is six thousand, two hundred and ninety-seven rounded to the nearest hundred?

6297

Answer: 6300

What is seven thousand and sixty-three rounded to the nearest hundred?

7063

Answer: 7100

What is eight thousand, four hundred and twenty-four rounded to the nearest hundred?

8424

Answer: 8400

What is one thousand, nine hundred and seventy rounded to the nearest hundred?

1970

Answer: 2000

What is eight thousand, seven hundred and eight rounded to the nearest thousand?

8708

Answer: 9000

What is six thousand, two hundred and one rounded to the nearest thousand?

6201

Answer: 6000

What is nine thousand, six hundred and eighty-five rounded to the nearest thousand?

9685

Answer: 10,000

What is seven thousand, one hundred and thirty rounded to the nearest thousand?

7130

Answer: 7000

What is eight thousand, one hundred and seventy rounded to the nearest thousand?

8170

Answer: 8000

What is four thousand, eight hundred and eighteen rounded to the nearest thousand?

4818

Answer: 5000

What is three thousand, three hundred rounded to the nearest thousand?

3300

Answer: 3000

What is eight thousand, six hundred and forty-nine rounded to the nearest thousand?

8649

Answer: 9000

What is three thousand, seven hundred and fifty-four rounded to the nearest thousand?

3754

Answer: 4000

What is eight thousand, nine hundred and fifty rounded to the nearest thousand?

8950

Answer: 9000

What is six thousand, eight hundred and ninety-one rounded to the nearest thousand?

6891

Answer: 7000

What is three thousand, four hundred and forty-three rounded to the nearest thousand?

3443

Answer: 3000

What is seven thousand, eight hundred and seventy-one rounded to the nearest thousand?

7871

Answer: 8000

What is four thousand, two hundred and sixty-nine rounded to the nearest thousand?

4269

Answer: 4000

What is six thousand, two hundred and ninety-seven rounded to the nearest thousand?

6297

Answer: 6000

What is ninety-one thousand and eight rounded to the nearest thousand?

91,008

Answer: 91,000

What is forty-seven thousand, four hundred and eighteen rounded to the nearest thousand?

47,418

Answer: 47,000

What is seventy thousand, five hundred and twenty-four rounded to the nearest thousand?

70,524

Answer: 71,000
